

BOUNTY HUNTERS' GUILD

LAST HIT

STARTER PRINT-AND-PLAY KIT

Prototype Components v1.5

BUILD IT CHEAP

Print at 100% scale. Mount cards and tokens to cereal-box cardboard with glue stick, or place card fronts in sleeves with old playing cards.

You provide: two standard d6 dice, scissors or craft knife, glue, and optional opaque card sleeves.

OPEN CONTRACT • CLAIM THE LAST HIT • REACH 15 REPUTATION

WHAT THIS KIT MAKES

- 1 central Bounty Board with three slots, Attack Lineups, and a 0–20 Reputation track
- 6 player mats
- 20 Bounty cards plus 2 blank Bounties and reference cards
- 24 Target cards: A, B, C, and PRE for each of six hunters
- 42 Attention cards: 1–6 and PARE for each of six hunters
- 30 hidden Boon tokens: 10 Second Chance, 10 Off Guard, 5 Exposed, and 5 Refresh
- 36 Attention, 18 Momentum, 40 Damage, 6 Hunter, 6 Reputation, and 1 First Hunter token

CHEAP ASSEMBLY

- 1 Print single-sided on ordinary paper. Do not use Fit to Page.
- 2 Glue sheets to thin cardboard before cutting. Food-box cardboard is ideal.
- 3 For cards, either glue matching backs to the reverse or use opaque sleeves with old playing cards.
- 4 Target, Attention, and Boon pieces must have indistinguishable opaque backs. The other tokens may remain one-sided.
- 5 During planning, place one Target and one Attention card facedown. Reveal together, then pay the shown cubes.
- 6 Shuffle Boons facedown as a draw pile. Draw only from the top and never inspect the token face.
- 7 Use bounty slots A and B for 2–3 hunters; add slot C for 4–6 hunters.
- 8 If you already own cubes, coins, or glass beads, use them instead of cutting repeated tokens.

PRINT CHECK

The square below must measure exactly 1 inch after printing. If it does not, disable scaling and print again at 100%.

DAMAGE & SPARE TOKENS

CUT SQUARES OR USE HOUSEHOLD CUBES

Place one Damage token for each damage dealt. Spare Attention and Momentum tokens may replace lost pieces or support later testing.
